Fayoum

With Cairo Top Tours, we will take you on an exciting journey from your hotel in Hurghada to the heart of the enchanting Fayoum desert, where your eyes will meet the magic of nature and the beauty of history, and you will also explore Wadi Al Rayan and Wadi Al Hitan.

You will enjoy a unique adventure in Wadi El Rayan, where lakes stretch between golden sand dunes and natural waterfalls flow in an unparalleled spectacle. Here, where water and desert collide, we enjoy the serene beauty of nature, safari adventures, and water activities. With its sand dunes, natural springs, a variety of plants, a wide range of fauna, and significant marine fossils, the Wadi Al Rayyan Reserve is distinguished by its integrated desert habitat.

We continue our journey to the Valley of the Whales, declared a UNESCO World Heritage Site, where we can explore the secrets of ancient marine life by contemplating the fossilized skeletons of whales that lived more than 40 million years ago, a testimony to the evolution of life on Earth. Hell Mountain” represents the geology of the Valley of the Whales region. This area represents the ancient seabed rich in natural riches of that time, as well as one of the land areas that appeared above the surface of the water. along with the abundance of mangroves, there is also the mouth of one of the old Nile's branches. Additionally, the Valley of the Whales is significant because it is home to rare migratory birds like the shaheen falcon, gazelle falcon, free falcon, golden eagle, and other migratory birds, as well as endangered animals like the wolf, fennec fox, sand fox, Egyptian gazelle, and white gazelle.

Itinerary

Fayoum Oasis Day Trip from Hurghada

Our Cairo Top Tours tour guide will greet you in the hotel lobby early in the morning to start your amazing Hurghada excursions. You will be picked up and driven to the Hurghada airport in order to board your flight to Fayoum, where you may take in the splendor of the Fayoum Oasis.

You will first experience a one-of-a-kind journey to Wadi El Rayan, where lakes wind amid golden sand dunes and natural waterfalls cascade in a sight that cannot be matched. We take pleasure in the tranquil beauty of nature, safari experiences, and water sports here, where the desert and the water meet. The Wadi Al Rayyan Reserve stands out for its integrated desert habitat, which includes sand dunes, natural springs, a diverse range of flora, a large number of mammal species, and significant marine fossils.

During your visit to Wadi El Rayan you will be able to see and explore the waterfalls area which is considered one of the areas of various water sports, in addition to riding camels and taking part in other recreational and travel activities. and to the visit of Jabal Al-Rayyan, "Peaks of Al Rayyan" is the area surrounding the southern and southwestern region of Laayoune, and in it are found several types of migratory and resident birds, as well as some important archaeological remains and marine fossils. The area adjacent to the lower lake is known as Jabal Al Madoura.

Following that, we go to Wadi el Hitan, a 4 million-year-old fossil area northwest of Wadi el Rayyan Reserve. The remains of early whales, shark teeth, and shells can all be found inside soft rocks, as can a fossilized shura plant. These fossils are regarded as an open museum. The unique environment of the Valley of the Whales is defined by the presence of wetlands, geological formations, water springs, peculiar fossils, and a large collection of whale skeletons. amounting to 406 skeletons, of which 205 complete skeletons date back 40 million years, as well as the presence of many other animals and fish.

After that, the tour guide will drop you off at the airport so you can catch your flight back to your accommodation in Hurghada.
