Giza Pyramids, Memphis, and Sakkarra Tour from the Airport

Through this full-day excursion from Cairo Airport, you will enjoy one of the most important and fascinating excursions in Cairo, exploring much of Egypt's history.

Memphis, the ancient capital of powerful monarchs who ruled from the time of the first Egyptian family until the early years of King Mina's reign, will provide you with an amazing experience.

Following that, we continued our journey and went to Saqqara, one of the villages of the city of Badrashin located in Giza. In addition to the historic mesas, Saqqara contains the tombs of ancient kings who ruled Egypt from the capital Memphis, as well as some pyramids, including the step pyramid of Zoser, which dates back to the third Egyptian dynasty and is regarded as one of the most famous complete pyramids ever constructed.

Next, we will continue our excursion with an amazing visit to the area of the Pyramids of Giza, where you will have the opportunity to explore the great pyramid named Khufu, which was built about 2560–2580 BC.
