Itinerary

Pyramids, Egyptian Museum and Coptic Cairo

Your guide and driver will come to pick you up in the morning from your hotel to embark on the journey. At the Giza Plateau, you'd see the world-famous Great Pyramid of Khufu, the Pyramids of Khafre and Menkaure, and the enigmatic Sphinx. Walking amid those age-old tombs and temples will definitely give your Egyptologist Guide enough to play with when they tell their (often bizarre) true stories of the lives of the pharaohs and the incredible feats of engineering that still baffle us today.

Head to the heart of the city to savor the treasures of the Egyptian Museum on Tahrir Square. Boasting 120,000 different items, visiting the museum is a rare opportunity to see history dating back to Ancient Egypt. Follow in the footsteps of Egyptian history on a fascinating full-day trip to Giza and the Egyptian Museum that includes a camel ride through the desert, a discovery tour of the Great Pyramid, and visit to the Sphinx.

After this, you're able to set out to tour Coptic Cairo, a historical and almost transcendental side of the city. Wander the serpentine alleys flanked by legacies and edifices, many centuries old, including the Hanging Church. Savor the fascinating mixture of Christian and ancient Egyptian traditions as you walk through serenity itself. When your day is filled with explorations and culture, enjoy the comfort of your car on the way back to your hotel.
