The Giza Pyramids are visited between an adventurous and historic half day. Your expedition starts at the Giza Plateau, describing how the legendary Pyramids of Khufu, Khafre, and Menkaure rose over 4,500 years ago. Here, experts will give you brief anecdotes about their history, construction, and secrets.

After you tour the pyramids, ready yourself for an action-filled quad biking experience over the golden dunes of the desert. The thrill of racing down sandy trails with the pyramids in view, with an exciting off-road adventure that takes you through one of the world's most historic backyards, will drive all your fears away. Now you get a cinematically paced experience of viewing the pyramids from a distance, as you race through the vast expanse of the desert.

Next comes the traditional transport: a camel ride through the ever-enchanting desert. Enjoy a slow journey across the dunes, just as travelers did centuries ago, and witness breathtaking panoramic views of the pyramids. After this incredible ride, transfer back to your hotel with wonderful memories of Egypt's history and desert adventure.
