Itinerary

Baron and Abdeen Palace from the airport

From Cairo Airport, your transfer to the Baron's Palace takes just half an hour. Your guide will provide you with information about the Baron's Palace.

The Baron's Palace was built by Baron Empan, who had the idea of urbanizing and planning the desert of Heliopolis to turn it into a major city, and excelled in its construction until it became a rare architectural masterpiece that combines Egyptian heritage with the unique Indian style, and the Baron's Palace is located on four sides and was designed in such a way that the sun never sets on it, as all its halls and lobbies receive the sun, and it is considered one of the most luxurious historical palaces in Egypt.

After that, you will be transferred to Abdeen Palace and enjoy every corner of the palace, the walls smelling of creativity, paintings signed by French artists, whether of war scenes or Egyptian military uniforms through the ages, which makes the tour between the corridors of the museums rich and interesting.

There is also a collection of photographs of the royal family and the royal wedding of King Farouk. You will then be taken back to your hotel or the airport.
