Visit the best museums in Cairo From Airport

From Cairo International Airport, you will be transferred to one of Cairo's most beautiful museums, the National Museum of Civilization...It is a cultural complex that tells the history of Egyptian civilization. The

National Museum of Egyptian Civilization has become an archaeological icon presented by Egypt to the world, with its collection of artifacts and mummies of Egyptian kings, as well as its restoration, scientific, and research laboratories. It was officially inaugurated by President Abdel Fattah El-Sisi in April 2021, coinciding with the global event known as the Royal Mummies Parade, in which the mummies of Egypt's great kings and queens were moved to be displayed in the museum.

You will then be transferred to Tahrir Square to visit the Egyptian Museum and discover its collections, the most important of which is the statue of Htp.di.f is considered an example for earliest statuary in ancient Egypt. So we can say here that the art here was at a very early phase in the private statues. Here the statue is represented in a kneeling position placing his arms on his laps, a praying attitude, may be because he was a priest.

After lunch at a local restaurant in Tahrir, you will be transferred to your hotel or airport again.
