Best hot air balloon tour in Luxor

Our company representative will meet you in the hotel lobby at the start of the day and drive you to the West Bank for your impressive sunrise hot air balloon ride in one of the modern, air-conditioned private vehicles.

During your hot air balloon flight, you will be offered a drink whilst the pilot steers the balloon toward the area's most important temples, monuments, and unrivalled scenery. After the safety briefing, the ground crew, the pilot, and you will rise gently into the still dark sky. You will never forget the tranquility and beauty of the day the East Bank silently illuminated the city of Luxor and the surrounding mountains.

After 45 minutes of flying, the balloon will land. You will be met by our driver and then together with you to your hotel or cruise ship.
