

Semi Submarine Trip in Red Sea

Price Starting From : \$70

4 hours
Egypt
Egypt
Sharm El Sheikh

The Sharm El Sheikh submarine trip is a wonderful excursion during which you will discover the underwater world. It is especially wonderful for those with children who cannot take them diving in the open sea. Similar natural scenery can be seen while diving, of course, but many people cannot swim for various reasons.

For example, due to fear and health issues, this tour is worth a visit at least once, especially for those with these conditions. The boat sails from the beach to Ras Mohammed. During this time, you can enjoy the stunning natural scenery and view the beaches on the Sharm El Sheikh submarine trip.

In general, if you've already arrived in the city, don't hesitate. You must do this trip. You'll be utterly amazed by the nature and diverse marine life you'll see, just like what you learned in geography lessons. The vibes are very positive, and everything is beautiful, clean, and truly enjoyable.

[Overview](#)

Semi Submarine Trips in Sharm El Sheikh

Our agent will meet you outside your hotel and drive you to the marina. Seize the opportunity to join us on our semi-submerged voyage across the Red Sea, where we will pass by some of the most breathtaking locations with rare marine life

Enjoy a one-hour submarine trip underwater in the lower part of the submarine. A sea trip full of many secrets of the depths of the Red Sea. You will see through the glass bottom of the submarine, where colorful fish of different shapes and colors and colorful coral reefs are found. Enjoy watching the Ras Kati Reserve located in the Ras Mohammed Reserve in Sharm El Sheikh, and spend half an hour in the upper part of the submarine to enjoy the fresh air.

Semi-submarines are built with individual observation windows for each passenger to take in the landscape and the amazing undersea world.

Trip Itinerary:

A 15-minute sail to one of the best locations for colorful coral reefs and fish.

Transfer to the air-conditioned glass cabin of the Royal Sea Scope, which transports you to another world of extraordinary scenery in the Red Sea for a 60-minute tour. Finally, you will be transferred to your hotel.
