Visit Cairo Tower Tour

We will meet you at the door of your hotel in Cairo; our driver will hold a sign with your name written on it. He will take you on a tour of the Cairo Tower, a 187-meter-high television tower that is now one of the most famous landmarks in the city. It is located on Gezira Island, in the middle of the Nile, in the Zamalek district, and offers visitors a magnificent view of all of Cairo, all the way to the [pyramids of Giza](#).

It is the tallest building of its kind in the world, built entirely of cement, without any supporting metal structure. Its shape and design are reminiscent of a lotus flower, making it not only tall but also stunning. Telescopes are also provided to help you view the landscape.

You can choose to simply visit the deck, which offers a 360-degree panoramic view, or combine the view with lunch or dinner in the revolving restaurant, where you can simply sit back, enjoy a delicious meal, and relax while watching Cairo go by throughout the hour-long rotation (at an additional cost).

This tour is available at any time of the day, including sunset when the view is even more breathtaking. You can also take a [Cairo-by-night tour](#) to see Cairo at night when the city is illuminated by countless lights, which is just as enchanting! The Cairo Tower is open to the public every day from 9 am to 1 am.

The tour is ideal to complement any other tour from our [Egypt day tours](#) or [Cairo day tours](#)!

After your tour, your driver will take you back to your hotel.
