[Itinerary](#)

Memphis, Dahshour, and Felucca private day tour

you will find your [Egypt tour](#) expert tour guide holding a sign of your name. Start your private tour to visit Memphis the oldest capital of ancient Egypt where you see the laying down statue of [King Ramses](#) the second which was made out of one piece of limestone weighted 120 tons visit the alabaster statue of the Sphinx which weighed 80 tons and there are other artifacts displayed within the same area.

Then we will drive to Dahshour to see advanced techniques that were used in ancient Egypt in building pyramids. There we will see the bent pyramid, the oldest architectural mistake on earth that still remains to this day. Then, move to the [red pyramid](#) of king Senefru, the builder of the 1st complete pyramid in Egypt dating back to the 26th century BC.

End your day with 1-hour felucca ride on the Nile for a great experience. After you finish your tour drive back to your hotel (original start point)
