Saqqara and Memphis trip

You will meet our tour leader holding a sign with Cairo top tours logo on it waiting for you at the airport then you will be taken to start the visits in Cairo.

Sakkara:

This Step Pyramid is the first known stone monument anywhere in the world. As its name indicates, it is a series of six levels of stones decreasing in size until it reaches a height of 62 meters (200 feet).

Memphis:

The founder of the ancient kingdom is King Djoser, and its capital was in the city of Memphis. Among the famous kings who ruled Egypt during this period were Senefru, Khufu, Khafre, and Menkaure.

Egyptian museum:

The Egyptian Museum is considered one of the first museums in the world to be established as a public museum, unlike the museums that preceded it. The museum includes more than 180 thousand artifacts, the most important of which are the archaeological collections that were found in the tombs of the kings and the royal retinue of the middle family in Dahshur in 1894

then you will be taken to catch your flight to the airport.
