Quad bike at Giza Pyramids & Egyptian Museum and Felucca ride layover tour

Our tour guide will greet you at the Cairo airport and drive you in a modern, air-conditioned car to the [Giza pyramids](#). We will first see the Giza Pyramids before taking a one-hour quad ride around them and the Sphinx. Admire the majestic pyramids that served as the pharaohs' tombs in ancient Egypt, Mykerinus, Cheops, and Chephren. Take as many photos as you like of this thrilling event. Visit the Great Pyramid, the sole surviving example of one of the ancient world's seven wonders, in addition to this fascinating adventure.

Our next trip will be to the [Egyptian Museum](#), home to one of the biggest collections of antiquities in the world. Near Midan Tahrir in Downtown Cairo, it is prominently located. Along with the glittering treasures of Tutankhamun and other famous pharaohs, the enormous, oddly pinkish structure also houses mummies, grave goods, jewelry, eating utensils, and toys made by Egyptians whose names have since been forgotten. It feels like time travel to walk through the museum.

Afterwards, we will have a Felucca cruise on the Nile for lunch! This is a wonderful opportunity to explore the city from the sea and savor a sumptuous meal from Egypt. You will be given a tour of the river by our knowledgeable captain, who will point out historical sites and landmarks as they are passed. You'll have time to unwind and take in the scenery after lunch before we begin our return to land.

After that, we'll take you back to [Cairo airport](#).
