Itinerary

Enjoy the best day tour to Fayoum from Sharm El Sheikh

Your impressive Sharm el-Sheikh excursions will begin when our [Cairo Top Tours](#) tour guide meets you in the lobby of your hotel in the early morning. You will be driven to Sharm el-Sheikh airport where you will take a flight to Fayoum and discover the magnificent Fayoum Oasis.

You will first go to the Fayoum Oasis. If you want to escape the city's bustle, this vast area, which is home to numerous lakes and canals, is a fantastic weekend or day trip destination. Moreover, from Fayoum, explore Egypt's Western Desert; this will help you relax.

After that, you will explore the Western Desert of Egypt's Wadi Al-Hitan, or Whale Valley, which is home to priceless fossil remnants of the earliest and currently extinct suborder of whales, the Archaeoceti. The world's

most significant location for the display of this stage of evolution is here. The shape and way of life of these whales during their transition are vividly portrayed. Such fossils are uncommon in this location due to their abundance, quality, concentration, and accessibility, as well as their setting in a picturesque and protected landscape.

Finally, you will move to Wadi Rayan, a region renowned among geologists and archaeologists for its abundance of marine fossils and ancient artifacts. In addition, you'll eat dinner in Tunis, a small village in the Fayoum oasis. The village is perched on a hill facing a large saltwater lake, with a stunning view of the edge of the desert on the other side of the lake. It is one of the most beautiful places in Egypt.

The tour guide will then drive you back to the airport so you can catch your flight back to your Sharm El Sheikh hotel.
