Day 2 -Cairo to the white desert

On our day, you will be picked up from your accommodation in Giza or Cairo at 6 a.m. We will then drive to our first destination, Bahariya Oasis, which is around 350 kilometers east of Cairo. When individuals from Bahariya wanted to travel to the Nile valley in the past, they frequently waited until a caravan was coming by.

During the journey, there will be two opportunities for coffee breaks.

It is useless for visitors as the [Baharyia Oasis](#) is Egypt's principal supply of iron ore, as you can see from the rails on your right that convey the iron ore reserves to the steel factory at Helwan. There are four locations called Managim where iron ore may be found. It comes from middle Eocene limestone. When you get to Bahariya Oasis at 10:00, you'll meet your safari guide, get in your 4x4 Jeep, and start your journey. Go by car to the dark desert. Its mountains, hills, and dunes are all covered with a thin layer of black powder, hence the name. Some mountains' peaks are covered with this powder.

At 12:00, the lunch will be given in El Haize oasis, which is 37 kilometers from Bawiti and is sometimes referred to as a different oasis. The area was quite prosperous during the Roman era, and many of the present families are descended from Libya. You may relax before lunch by soaking in a hot spring, which will almost immediately lower your stress levels. Relaxation brought on by the heat fosters a serene, at-ease, and tranquil

state of mind. There is a museum here called the "Water Museum" that was constructed to educate visitors about the value of subterranean water for desert dwellers as well as the tools the Egyptians used to raise water for agriculture.

At 13:00, drive to the Agabat Valley.

14:00 Arrive at Agabat Valley, which is located deep in the White Desert. To truly experience the otherworldly splendor of the place, you have to be there. The site was formerly under water millions of years ago. Over time, distinct formations of limestone, chalk, and even sandstone have emerged. Then you will venture into the desert discovering the jungle valley by 4x4 jeep enjoy sand boarding -16:30 and explore the national park, the most famous desert destination in Egypt. There are hundreds of images here each one reminiscent of an animal - a hen - a sphinx, a camel, a tent, a mushroom 18:30 The rock formations fade as the sky turns pink, then a darker and fiercer orange, and calm prevails all around. You'll feel as if nothing has ever tasted so good as you eat chicken, rice and veggies while sitting around a small fire. Dinner and camping in the desert will be coordinated by the Bedouin crew.

Day 3- White desert - Bahariya oasis

Today, you will experience the breakfast in the middle of nature and desert at 7:00 am before you go on a trip to [Bahariya Oasis](#). You will stop at [Crystal Mountain](#), sometimes referred to as Gebel al-Izzaz, on the way back at 9:00. The quartzite crystals that compose the hill, which can be seen on the right, are what give it the nickname "the Jewel of the Desert" and give it its stunning appearance when illuminated by the sun. That natural feature was discovered by chance a few decades ago.

Drive to Bahariya Oasis at 11:00 Relax by soaking in the heat of Bir Sigam, a hot spring. The spring is the best hot spring in terms of temperature and is situated on Cairo Road 7 km east of Bahariya. Will stop in Bir Madi in the summer (which is a cold spring)

After 12:00, return to Cairo by car. Arrival in Cairo at 16:30 - You have two other alternatives to learn more about the oasis: We do suggest making an additional excursion to the Alexander the Great Temple, the museum of the golden mummies, and the Bawiti tombs if you want to learn more about the history of the Bahariya oasis.

You'll find Gebel Maghrafa, the palm and olive groves, and Bahariya Oasis. There, in 1914, at the foot of Gebel Dist, the largest Diansour ((Stromer's Tidal Giant)) ever found, was found. Lake al-Marun, the largest salt lake in the Bahariya Oasis, is where you can view the sunset from the top of English Mountain (Gebel Al Ingleez). A panoramic of the northern region of the oasis may be seen from the summit. the road to Cairo
