[Itinerary](#)

Day1- Cairo to The White desert

At 06:00 am Drive to the [Bahariya Oasis](#), which is around 350 kilometers east of Cairo, at the scheduled time after picking you up from your hotel in Giza or Cairo. There will be two coffee breaks during the approximately four-hour excursion.

It is useless for tourists because the Bahariya Oasis is Egypt's principal supply of iron ore, as you can see from the rails on your right that convey the iron ore reserves to the steel factory at Helwan. There are four locations called Managim where iron ore can be found. It derives from middle Eocene limestone.

When you get to Bahariya Oasis at 10:00, you'll meet your safari guide, get in your 4x4 Jeep, and start your [honeymoon tours in Egypt](#).

Go by car to the [black desert](#). Its mountains, highlands, and dunes are all covered in a thin layer of black powder, hence the name. Some mountains' peaks are covered in this powder.

The lunch will be given in El Haize oasis, which is 37 kilometers from Bawiti and is sometimes referred to as a different oasis. The area was quite prosperous during the Roman era, and many of the current families are descended from Libya. You can relax before lunch by soaking in a hot spring, which will almost immediately lower your stress levels. Natural muscle relaxation brought on by the heat fosters a calm, contented, and quiet state of mind.

There is a museum here called the "water museum" that was constructed to educate visitors during [Egypt trips](#) about the value of underground water for desert dwellers as well as the tools the Egyptians used to raise water for irrigation.

Drive to the Agabat Valley at 13:00.

14:00 Arrive at the [Valley of Agabat](#), which is located deep within the [white desert](#). To truly experience the place's otherworldly beauty, you must be there. The location was formerly submerged in water millions of years ago. Over time, distinctive limestone, chalk, and even sand rock formations emerged.

Then you will explore the desert by driving a Jeep 4x4 through Wadi el Agabat. Enjoy sandboarding and discover Egypt's most well-known desert site, the White Desert National Park.

There are hundreds of pictures here, and each one makes an animal sound. Mushrooms, Camels, a sphinx, a chicken, and tents

The rock formations dissolve as the sky turns pink and then the darkest, fieriest orange, and there is silence everywhere. You will feel as though nothing has ever tasted so good as you eat chicken, rice, and vegetables while seated around a tiny fire. The supper and desert camping will be handled by Bedouin crew. (There is vegetarian food available)

Day 2- White desert - Bahariya oasis

Go by car to Bahariya Oasis, Relax by soaking in the heat at Bir Sigam, a hot spring. The spring is the best hot spring in terms of temperature and is situated on the Cairo Road 7 km east of Bahariya.

Will stop at Bir Madi in the summer (which is a cold spring), You'll visit Gebel Maghara, the palm and olive groves, and Bahariya Oasis that is included in our [Egypt Luxury tours](#). There, in 1914, at the foot of Gebel Dist, the largest Dinosaur ((Stromer's Tidal Giant)) ever found, was found. The largest salt lake in Bahariya Oasis is Lake al-Marun. Enjoy the sunset from the English Mountain's summit (Gebel Al Ingles). A panoramic view of the northern region of the oasis may be seen from the summit.

After 12:00, return back to Bahariya hotel and overnight

Day 3 - Day tour to Fayoum

Following breakfast, check out and be transferred to [Fayoum](#) City, the largest [Egyptian Oasis](#) and a separate province. The province of El Fayoum is 95 kilometers south of Cairo and can be reached by car in a couple of hours. The governorate is primarily agricultural and its ancient national deity was the crocodile god Sobek. Its current state is largely a result of numerous reforms that Mohammed Ali Pasha oversaw about 200 years ago.

You will start your day trip from Cairo to El Fayoum by visiting the [village of Tunis](#) and touring the pottery art school when you arrive in Fayoum.

Two lakes in [Wadi El Rayan](#) are connected by Egypt's only waterfalls, which were created in 1970 by an overflow of drainage water from farmlands in Fayoum. This unique sight, waterfalls in the middle of a desert is unmatched anywhere else in the world. You can also enjoy sandboarding in El Fayoum, which is located inside of Wadi El Rayan.

After your trip from Cairo to Wadi El Rayan is done, we will convey you back to Cairo, which will take about two hours by land. You will have a stop on the way so you may stretch your legs or get a drink.
