Amazing Taif Tour Jeddah

Taif is a Saudi city located in the highlands of the mountains, and is one of the largest cities in the Kingdom. It is characterized by its unique geographical location where a large population lives, which makes it a vital and important city on the economic and social levels in the country. A long time ago, there was a city Taif that was mentioned in the Quran. The city was visited by Prophet Muhammad, who lived a long time ago. The people who lived there were part of a tribe called Banu Thaqif, and their descendants still live there today. Taif has had different rulers throughout history, with the most recent change happening in 1925, when Saudi Arabia took control of the region.

In Taif, there was a big group of people called Banu Thaqif. Nabi SAW went to Taif because he wanted them to believe in Islam. This would have helped protect the Muslims from the Quraish, who were being mean to them. Nabi SAW also wanted to have a place in Taif where he could teach more people about Islam in the future. There are lots of amazing places to visit in Taif, like a fancy palace called Shubra Palace, a big shopping mall called Taif Heart Mall, a busy market called Bab Alrea Market, a fun park called Al Rudaf Park, and two big mountains called Al Shafa Mountain and Al Hada mountain.

The palace in Taif is a very beautiful and special place from a long time ago. It has pretty windows and balconies, and the inside is made of special marble. A very important king named Abdul Aziz used to live there, and another king named Faisal lived there after him.

A unique amalgamation of Arabic and Romanian architecture. It is impressive and worth photographing.

We will go to Al Rudaf Park, which is a nice place to have fun and enjoy nature! It has pretty fountains that play music, lots of grass and little rock mountains, and many places for kids to play. It's a great park, but only for families. After that, go to Bab Alrea, which is a gate with three arches in the old city of Taif.

Next, visit the oldest and most amazing shopping mall in Taif, called Taif's Heart Mall. It's a wonderful place where you and your family can buy things, play games, eat yummy food, and have a great time.

Next, go see Al Shafa Mountain and Al Hada Mountain. This connects Taif city with other places in the region. You'll see some beautiful views along the way. Al Shafa Mountain is the tallest mountain in the town. People also call it Jabal Dakk?.

You will go on a walk and climb a big mountain called Shafa. It's hard to walk/climb, but the views are worth it. As you go higher, there are lots of plants and trees, herbs, and fruits growing all over. The mountain has things like honey, roses, herbs, and more natural goodies. A special car that goes up a big mountain starts in a village and takes people to the top where there is a good restaurant and hotel.
