Baatara Gorge day tour

Baatara Gorge Waterfall

Known as the cave of three bridges, this unique natural formation transforms into a spectacular waterfall when the winter snow melts. The waterfall plunges 255 meters (837 ft.) into a cave and cascades behind three natural bridges. These bridges are stacked one on top of the other, creating a beautiful overhang above the chasm that leads down into Mount Lebanon.

Jeita Grotto

The cave is divided into two sections: the top portion offers a stunning panoramic sight of unique rock formations resembling curtains, columns, drapes, and mushrooms. Visitors can take a boat ride in the lower section of the cave, which also includes cable cars, a miniature railway, a small zoo, beautiful gardens, and numerous sculptures.

Byblos

Byblos is a lively town with a rich history and a vibrant present. Its ancient core is intertwined with modern amenities, creating a unique blend of old world charm and contemporary flair. The harbor, protected by rugged cliffs, serves as a reminder of Byblos' maritime past. Visitors can explore the well-preserved ruins of the city, wander the narrow streets of the Crusader castle, visit the historic St. Peter church, and browse the bustling old market.
