Day tour to Giza Pyramids and National Museum

We'll meet you at the port of Alexandria early in the morning to kick off your exciting journey with our highly experienced professional tour guide. Throughout your trip from Alexandria to Cairo, your guide will be there to ensure you have a fantastic experience.

The renowned Pyramids of Giza, built thousands of years ago by the sons of King Djoser, still stand today without any modern technology. Studies indicate that, using today's technology, it would take over 20 years to construct each pyramid, leaving us in awe of the ancient intelligence that remains a mystery.

The Sphinx is a magnificent monument constructed with great care and precision, designed to deter enemies and thieves who would dare to disturb the tombs of powerful kings.

You'll visit the Valley Temple of Khafre, featuring impressive granite blocks and alabaster flooring, as well as the National Museum of Egyptian Civilization, which houses numerous royal mummies. You'll also witness the recently completed parade celebrating the transfer of the mummies from the Egyptian Museum to the National Museum of Egyptian Civilization.

At the end of your tour, you'll return to your disembarkation point at the Port of Alexandria.
