Itinerary

Rosetta Day Trip from Alexandria Port

Upon your arrival at Alexandria Port, a tour guide will be at the ready, and you will set out for Rosetta City, located in Egypt.

Upon arrival in Rosetta City, you will head to Rashid City. The Rashid Museum is located at one of the surviving red and black bricked structures, and this museum exhibits a copy of the famous Rosetta Stone. This stone is one of the many stones that had been inscribed with three languages: Demotic, Ancient Greek and Ancient Pharaonic, presented just like its presentation in the British Museum.

As you explore the souk and the local markets, the scenic beauty and smells of the city will be a great delight to you as you continue your journey through the beautiful Ottoman houses.

Afterwards, you will share the memories from the Amasyali House, which is famous for its bright colors, wooden ceilings, mother of pearl inlaid walls and ceilings.

Impressive woodworking machinery, including tall wooden beams and planks, will be on display at the Abu Shaheen's Mill—all of this set up in a picturesque courtyard with granite support columns.

Al-Muallaq Mosque is an exquisite architectural masterpiece reflecting the style of the Ottoman era, famous for its beautiful marble pillars and vivid zellige tiles, making it an attraction that deserves exploration at least once.

Then your tour guide will escort you for a short drive to the Qaitbey Citadel, from where you will also be able to climb to the roof for an amazing view of the Nile and Mediterranean Sea.

Lastly, the guide will take you back to Alexandria to wrap up our service.
