Exclusion

All services that are not mentioned in the description.

Personal expenses

Photos & DVD

Itinerary

Orange Bay Island Snorkeling Full day Trip from El Gouna

It's time to get your snorkel on!

We'll pick you up at your hotel in [El Gouna](#) in the morning, and take you to your boat. You'll then make your way to Orange Bay, where you will have time to snorkel around the bay and explore its treasures. Once there, we'll give you a quick lesson on how to use your snorkel gear, then point out some of the best spots for exploring the underwater world around us.

At first glance, this might seem like an ordinary beach trip—and it kind of is—but once you pop those goggles on, everything changes: suddenly there are fish everywhere! There's no better way to get away from it all than by letting yourself be carried off into another world by the waves as they crash against your body. You may see large numbers of fish and coral as well as turtles, squid, dolphins, seabirds, and more!

Before the ship enters the port, you can choose between a fast ride on the banana or a soft boat.

After this wonderful day in Orange Bay in Hurghada, the transfer will take you back to your hotel in El Gouna.
