On this day tour, you will be taken by an Cairo Top [tours](#) tour guide to the Luxor sightseeing and Luxor attractions, by a Private AC vehicle.

The mummification museum:

The ancient Egyptians believed in the importance of preserving the body after death to ensure immortality in the afterlife, so mummification was a staple of ancient Egyptian funerary practices, and was symbolically supervised by the deity Anubis.

The Karnak temple:

It was built by King Tuthmosis III in the west, and it is the smallest of all ten edifices, and it is considered a compass, as it is a northern granite column engraved on its top with a lotus flower, which was growing in the Lower Egypt, and the other and the south opposite it is engraved with the papyrus plant, which was growing in Upper Egypt.

The Luxor temple:

Booths of Thutmose III. These booths are presented by four graceful pillars in the form of a bundle of papyrus stems of red granite, and their crowns represent papyrus stems. The middle compartment was dedicated to the sacred boat of the god Amun-Ra, the western to the sacred boat of his wife, the goddess Mut, and the eastern to the sacred boat of the son of the god Khonsu, the moon god.

At the end of the day tour, you will be taken to the drop-off location.
